REDACTED

Mark Patterson and I discuss the PHT option of moving tracks from Rideau / Sussex to west on Wellington in front of Chateau Laurier to clear the intersection vs POW + move then

- Mark N R A the issue
- Necessary - need to clear the intersection to open road because major roads, impact to city, Rideau Centre, Emergency access (Trucks + Fire), impact on businesses + access core of City, ~~state of~~ state of Emergency
- Risk - move track to Chateau + just creates a new problem there + in front Senate. Contrived to impact city + access
- POW option has risk but program planning + safety plans

- move truck to suspension bridge + could collapse from its own weight
- ~~the~~ ^{the} POW can clear intersection + stop continued advance of military
- Acceptable Use of POW to clear intersection

- I advised the PH7 clearing intersection was low risk. But the problem of the protestors still existed in Wellington
- Mark's final decision was to use POW and not go ahead with PH7 option + move west on Wellington

- 1150
- Require private security at that time after it is cleared + fence up (Controlled Area)
 - PH7 required in attempt + before tell the group to leave
 - media msg about public safety announcement
 - sent msg to John Stanibach to release

- 1310
- Called John Ferguson

- PL 7 gave warning & people are leaving

REDACTED

1745 meeting with 'Mick Paterson.

- Notified by Paul Burnett that POW planned position action delay to Friday
- Spoke with Paul Burnett, Michel Morin, Aring Klanger; Eric Edwards
- Reason for delay
- Not enough POW resources more resources arrive on Thursday
- POW resources over taxed.
- Tow plan went in place, currently in place.
- Not all the POW commanders are in town yet to approve the plan
- possible impact across Ontario
- Concern about F&C today being a militant group
- want more POW resources to have some in hard tax.

meeting to discuss the letter between

the Mayor Tim Watson and

Freedom Canyon 2002 with

Zamora Lich. in the letter from

the Mayor - request for protection

to clear all the streets south

of Wellington, residential areas

get from on Conventry Road, Market

not to return back to those areas often

or other parts of city.

Tommy Lich respond + agree to terms

group present representing the Freedom

Canyon discussed above how the would

work to.

- They stated their plan was to move all the trucks on to Wellington
- Group explained they didn't control the conveying location - that was controlled Mike Clark
- They also didn't control Rideau/Surrex groups (Farfada)
- I asked what happens to the trucks that don't fit on Wellington?
- agreed to West limit if Bay St and East limit as south lane of Elgin
- Freedom Convey group needs to sort out who is staying on Wellington + who is leaving
- don't expect all the trucks will fit and some will have to leave
- Request that S.I.A.M get clear impacts traffic + access to Civic hospital + residents in that area.
- Group doesn't represent everyone at demonstration ~~that~~ there are different groups
- some people may decide to leave + OPS wants provide opportunity

to leave

- groups asked about refueling the trucks. before to depart up ~~the~~ with slip tank. No agreement about refueling.
- once truck have more. Refuel can to discuss / negotiated.
- I explained there will be a limit on how many trucks can fit ~~Saturday~~ Saturday on Wellington
- Explain to groups that it will take time to move all the truck with a coordinated truck traffic plan + PH-7
- Will need Police presence to keep everyone safe + so people can leave without being intimidated by others
- example of groups at Rotorua / Cursey + Thursday night when try to move. But the groups didn't agree.
- groups asked why issue about child safety had been raised. Public complaints to CAP. Public concern about children being present
- safety concerns about fuel + propane stock pile at Conventry. Protest Group agree that ~~that~~ a concern but they didn't speak for Conventry.
- Need the groups to notify city + OPS

- when they have agreement among their groups about moving trucks + will require traffic plan, exit plan + moving barriers
- Chris asked about moving trucks tonight on Wellington to make room to move more truck there tomorrow.
 - Jack Chris to not move any trucks tonight in dark for safety reasons
 - I asked the groups what the exit ~~strategy~~ strategy for them to leave Ottawa + open up all streets. $\Rightarrow$ meeting with Fed Govt. They have been ignored by Fed Govt + PM.
 - I explained that even if the groups moved to Wellington they can't stay there forever. At some point there will be a line in the sand and will require action by the police. Protect Group understood
 - Steve explain that the Fed Govt + Provincial Govt are meeting + discussing the issues. The Mayor has told both that they are

meeting with Freedom Convoy

- Steve - brought up ~~Convoy~~ Convoy
we part of agreement to clear out.
The Group explained that they don't
control Convoy. They can ask
but don't have some influence.
- No influence over the Redian/Black
group and don't expect the police
will have much luck getting them
to leave voluntarily. (Far beds)
- Chris said he wanted to shut up
trucks tight to create ^{more} ~~more~~ room
- I explained they would have to take down
tents + structures to create room.
- need to keep south side curb lane
on Wellington open to emergency
vehicle to pass. Group agreed.
- The group will go out tonight
to speak to all the trucks for
agreement to move + agree on who
is leaving.
- Tom will contact me in morning
with results of their meeting tonight.

1920 Completed Meeting

- Steve Karallakos + Kim Ayoko
and I will stay in contact
- up dates in morning of the protesters

- reach out + provide info on how they plan to move trucks + how many plan to move to Wellington + how many plan to leave.

- Andy Klengren, Debbie Palmer

- Rob Berman announced new 3 phase approach
 - 1) Stabilization
 - 2) Action on - Friday at the earliest
 - 3) Maintenance

- Harden the core area + manage
- Action - yesterday discuss how plans for this week about low hanging fruit (Groups not in the Wellington area)
- now all part of larger plan
- Commander intent
- Issue with de-stabilization of OPS Command
- Maintain area - use education + discouragement for fuel
- attempt to exercise discretion moving forward on enforcement
- PHU - need to clarify what OPS is doing with the providing safe movement of trucks to Wellington as per the City agreement with Protester - Freedom Campaign. Not facilitating. Agreement is with City. Only to provide safe movement
- Problem is the charge with Emergency Act and not orders yet, moving trucks to area that we may

- want to do enforcement on later
- Political direction from City + not to disrupt police operations
- PPS weren't consulted about the move of trucks to Wellington + they have voiced concerns
- Ph 7 weren't consulted or OPS prior to City reaching agreement with protesters.
- Dave Springer raised the political interference problem.
- Ph 7 wants to focus on getting the groups to leave
- it's clear that the Freedom Convoy group doesn't represent everyone
 large number of groups didn't have concerns about dealing with trucks all parked in Wellington ~~area~~.
- challenge is not all the groups were part of agreement with City + don't want to leave.
- Recommendation from Ph 7 is to not allow trucks to move to Wellington
- Dave Springer - agreed - not allow the trucks to move to Wellington
- Ph 7 wants to concentrate on

helping people to leave the Red Zone.

- Rob Bennie as Event Commander agreed to stop letting trucks ~~move~~ to Wellington. Rob would instead Steve Bell + Trish Ferguson.

1329

I called Trish Ferguson and notified her of the Integrated Command Table position on the truck movement to

Wellington and the reasons why to stop.
